Intermediate, Pre-Engineering

2016 – 2018

Board of Intermediate & Secondary Education Mirpur Khas Sindh

I passed my Intermediate with 83%.

Overseas Pakistani Foundation Sanghar

Matriculation, Science

2014 – 2016

Board of Intermediate & Secondary Education Mirpur Khas Sindh

I passed my Matriculation with 79%.

Academic Experience

- **Inventory Management Software for Small Businesses**
 - Role: Lead Project Manager and Main Coder
 - Description: Developed a comprehensive Inventory Management Software using Python and SQLite database. Led a team of developers to design, implement, and deploy the software, which facilitated efficient inventory tracking, order management, and stock control for small businesses. Implemented various features, including data storage, data retrieval, and user interface components. Successfully completed the project within the specified timeline, ensuring a seamless and user-friendly experience for clients.
-
- **Voice Assistant Development**
 - Role: Lead Project Manager and Main Coder
 - Description: Spearheaded the development of a Voice Assistant using Python, showcasing advanced natural language processing and speech recognition capabilities. As the lead project manager, I organized and coordinated the team, ensuring efficient task allocation and progress tracking. The Voice Assistant allowed users to perform tasks through voice commands, including web searches, weather updates, setting reminders. This project demonstrated strong problem-solving skills, teamwork, and proficiency in Python programming. The successful completion of the project resulted in a highly functional and innovative Voice Assistant.
